Systems Analysis And Design An Object Oriented Approach With Uml
The novel opens with Aunt Polly scouring the house in search of her nephew, Tom Sawyer. She finds him in the closet, discovers that his hands are covered with jam, and prepares to give him a whipping. Tom cries out theatrically, “Look behind you!” and when Aunt Polly turns, Tom escapes over the fence. After Tom is gone, Aunt Polly reflects sadly on Tom’s mischief and how she let him get away with too much.

Tom comes home at supper. She asks him if he has learned anything about his adventure. During supper, Aunt Polly asks Tom if he was at school that afternoon and what activities he participated in. Tom tells her that he was at school all day and that he didn’t do anything wrong. Aunt Polly is satisfied.

Tom goes out of the house in a huff — by his mother’s command. While wandering the streets of St. Petersburg, he sees a shoe blacking shop and eventually chases the new comer all the way home.

When he returns home in the evening, Tom finds Aunt Polly waiting for him. She notices his dirtied clothes and resolves to make him work the next day, a Saturday, as punishment.

On Saturday morning, Aunt Polly sends Tom out to whitewash the fence. His paces by, and Tom tries to get him to do some of the whitewashing in return for a “white alley,” a kind of suitcase. His almost agrees, but Aunt Polly appears and chases him off, leaving Tom alone with his tasks.

Tom comes home at suppertime. “I’ve been a good boy,” Tom tells her. “I skipped school that afternoon and went upstream to the mill dam. I wasn’t supposed to be there at all.” Aunt Polly is satisfied. “Well, I’m glad to hear it,” she says. “I declared you would be skipped school that afternoon and went upstream to the mill dam so you would get wet.”

Tom gives Aunt Polly a shiny new watch and she is pleased. Aunt Polly is pleased. Aunt Polly is pleased.

On Saturday morning, Aunt Polly sends Tom out to whitewash the fence. Jim passes by, and Tom tries to get him to do some of the whitewashing in return for a “share alley,” a kind of whistle. Jim almost agrees, but Aunt Polly appears and chases him off, leaving Tom alone with his work.
data analysis (systems analysis), analysing the flow of information within an organization with data-flow diagrams. Systems design, the process of defining the architecture, components, and data of the new system. Systems analysis and design - Wikipedia

The goal of the analysis phase is to truly understand the requirements of the new system and develop a system that addresses them -- or decide a new system isn't needed. The System Proposal is presented to the approval committee via a system walk-through. Systems analysis incorporates initial systems design. Requirements determination is...
