What Einstein Told His Barber More Scientific Answers To Everyday Questions
The novel opens with Aunt Polly scouring the house in search of her nephew, Tom Sawyer. She finds him in the closet, discovers that his hands are covered with jam, and prepares to give him a whipping. Tom cries out theatrically, "Look behind you!" and when Aunt Polly turns, Tom escapes over the fence. After Tom is gone, Aunt Polly reflects partially on Tom's mischief and how she lets him get away with too much.

Tom comes home at supper and is given a hard time about his adventures. During supper, Aunt Polly tells Tom he was not to be skipped school that afternoon and won't be allowed to go fishing on Sunday unless he works Saturday. Aunt Polly is satisfied, but Tom is far from pleased. Tom has sworn the誓约 to himself to disguise his work.

Tom goes out of the house into the bright moonlight and starts whistling. While wandering the streets of St. Petersburg, Tom witnesses a murder and eventually chooses theweeney of the way home.

When he returns home in the evening, Tom finds Aunt Polly waiting for him. She notices his dirtied clothes and resolves to make him work the next day, a Saturday, as punishment.

On Saturday morning, Aunt Polly sends Tom out to whiterwash the fence. Tom passes by, and Tom tries to get him to do some of the whitewashing in return for a "white alley," a kind of mustard. Tom almost agrees, but Aunt Polly appears and chases him off, leaving Tom alone with his toils.
What Einstein Told His Barber

Whenever Einstein needed to relax, he turned to music. He started violin lessons at age 5 and, at around 17, impressed his teachers at cantonal school with his playing during a music exam. Around...

The impossible barber and other bizarre thought experiments. How inventing riddles has revealed the flaws in our grasp of reality

It would be nice if all of the data which sociologists require could be enumerated because then we could run them through IBM machines and draw charts as the economists do. However, not everything that can be counted counts, and not everything that counts can be counted. There are several books that ...

Mays guest-starred on several episodes of The Donna Reed Show, once with his longtime rival, pitcher Don Drysdale of the Los Angeles Dodgers. Each played himself. In keeping with his reputation for throwing high and tight, Drysdale threw one pitch that caused Mays to bend away to avoid being plunked.
